# ARE WOMEN EQUAL ASQUITH'S PLANS TO MEN IN CHURCH?

Issue Is Raised That Has Opening of Parliament Monday **Aroused Interest in Methodist** Church of the South.

MANY LEADERS FAVOR EQUALITY OF THE SEXES

Others Question Advisability of Premier May Fall if Liberals Placing Weaker Vessel in Position of Power.

By Leaned Wire to The Tribune

NEW YORK, Feb. 19 .- The demand of the 900,000 women in the Methodist church, South, which reaches to California and north to Columbia for an equal voice with the men in the councils of the church is viewed with livebership of the great Methodist body in ly interest by the ministry and memthe northern states.

"The general conference of the Methodist Episcopal church, South, will do wisely to give the women what they ask," the Rev. Dr. H. K. Carroll, secretary of the Ecumenical conference, said today. "Our own general conference placed women practically on a level with men in the matter of voting sixteen years ago, and only good has resulted. Women not only vote for delegates to the general conference but?

believe, however, that women have as much right as men to help shape the policies of the church and to have their say as to how the funds they assist in gathering shall be expended. It is just as well for them to have their own special organizations. They can make them more efficient by maintaining them than by merging with any other features in the denominational machinery. But it was only fair inasmuch as those organizations have been from the start under the control, and, one might say at the mercy of the general conference, to give to women their full share of representation in that body. That is all that the Methodist women of the south are asking of their general conferences."

By Leased Wire to The Tribune. JOHNSTOWN, Pa., Feb. 19 .- In the JOHNSTOWN, Pa., Feb. 19.—In the collapse of the floor of a small theater at Patton, near here, tonight, one person was killed, several probably fatally injured and hundreds hurt, when about 500 persons were hurled with the wrecked floor into the basement. As the men, women and children struggled to free themselves from the debris, fire added to the panie. Firemen were added to the panie. Firemen were forced to turn water into the basement, where men and women were fighting to escape the flames,

The accident happened while the little theater was crowded. The supports under the floor gave way beneath the strain of the unusual weight.

Immediately a rush for the exits started, but before the people fairly reached the aisles the floor collapsed.

Of course, it is impossible to say with any absolute certainty just what the government programme will be, but there seems to be little doubt that the budget will be the first matter taken up and then the house of lords will be dealt with. There was much opposition to the course, not only on the part of the Irish and Labor men who wished this order reversed, but Messrs, Gray, Haldane, Lloyd-George, Spenser Church ill, McKenna and Harcourt also favored dealing with the lords first.
